

GOD STILL HEALS TODAY

When I speak of divine healing I am talking of the healing that comes through the direct intervention of God, there are many ways people get healed, for example natural ways such as rest and medical help can bring healing, however some people consult 'spiritual' juju-men, herbalists etc in search of healing, this is both dangerous and sinful, such people are going to the source of their problem to get solutions, the devil is the source of your problem, to go back to him for help is to enter his trap, he is a thief who has come to steal, kill and destroy, if you continue visiting such places you'll be forever in bondage and if you are not careful your soul will be lost for ever.

So what of must you do? You are faced with an almost incurable problem, doctors have tried and failed, instead of going to the herbalist, or the false prophets, why don't you turn to God, he is able to help you, some people say heaven helps those who help themselves. That is a lie of the devil, if you can help yourself, why should heaven help you? It is because you can't help yourself that heaven will help you.

Jesus said those that are well have no need of a doctor, thank God he came for those who have need of his help, you don't have to sell your soul to the devil just because you want to be well, instead turn to God he will help you.

You see God is not just able to help you but he is also willing to help you.

The bible says, "Once has God spoken twice have I heard, all power belongs to God" if you can go to God why should you go to a herbalist?

Again we read, how God anointed Jesus Christ of Nazareth with the Holy Ghost and power, who went about doing good and healing all that were oppressed of the devil, for God was with him Acts 10:38.

Jesus came to demonstrate that God was able and willing to deliver you from all the works of Satan and you don't need to pay anything for God's healing power, it is free. Now you are saying your sins are many you don't think God will forgive you and heal you.

Let me just say that Jesus will both forgive your sins and heal your body if you will believe him for both, he has not changed, he has done it for many people before, he will do for you, this is what he came to do. He was manifested to destroy the works of Satan (1John 3:8).

How can you receive your healing? The question really is do you want him to heal you? Because if you really want to be healed, then you will believe that He can and will heal you.

Do you believe?

The bible says he that comes to God must believe that He is and that He rewards those who diligently come to him.

I believe that Jesus heals, I have been healed and I have seen others healed, what the bible testifies is true, God is love and His love brings healing to you through Jesus.

We will like to pray with you and trust God for your healing together, you can mail and share your burden,

So what must you do?

Come to Jesus by faith today, ask him to forgive your sins, and ask him to heal you, if you believe it shall be done unto you.

Let us pray

Heavenly father I come to you in the name of Jesus I have need of your help and mercy, forgive my sins, Lord and heal me of my afflictions.
